

Prodigy Fusion Trio

Activate a regular classroom into a training dispatch room in just seconds with the electric-powered Fusion Trio Desk.

Simply press a button at the desk or by remote and watch the computer monitors disappear below the work surface to create a standard desk with plenty of work area. The instructor and students now have a clear line of sight to communicate effectively, which enhances learning.

Features & Benefits of the Fusion Trio

Work Surfaces:

▪ **Selection of modular work surface designs.** T-Bar Supports up to three 19" LCD monitors.

▪ **Multi-functional surface.** Expansive input surface supports multiple keyboards, mouse devices and phones. The large input surface improves ergonomic comfort by providing abundant space for daily workflow

▪ **Height adjustable work surfaces.** A push-button electric height adjustable base will raise the work surface to a height required by users in wheel chairs. When the desk is not needed for use by disables individuals the work surface can be lowered to standard desk height.

Table Features:

▪ **Radio Frequency Remote Control Technology.**

Can be used from any location in the classroom by the teacher and can lock work stations from the remote control.

▪ **CPU Holder.** Is designed to hang from the front modesty panel no drilling required.

The holder can easily be repositioned along the underside of the desktop.

▪ **Keyboard and Mouse holder.** Mounts below monitors and stores the keyboard and mouse when not in use and protects them from damage. With this feature it allows keyboard, mouse and monitors to be stored-away under the desktop.
